

A-ONE TEXTILE & TOWEL INDUSTRIES

Crafting Excellence **Since 1986**

www.a-onetextile.com

INTRODUCTION

A-One Textile & Towel Industries is a trusted name in the towel manufacturing industry, established in 1986 and based in the industrial heart of Pakistan — S.I.T.E. Karachi the port city. With over **40 Years** of experience we have grown into one of Pakistan's most reliable OEM towel manufacturers, known for quality, capacity, and customizability.

At A-One, we specialize in producing all kinds of Towel and Bathrobes under one roof whether it's a bulk order for international retailers, specialized towels for hotels and institutions, or private-label products designed to meet strict brand standards.

With a strong commitment to quality, sustainability, and client satisfaction, we continue to lead the way in textile manufacturing across local and global markets, with all required certifications.

OUR PURPOSE

At A-one Textile, our purpose is to create quality textile products while safeguarding the environment and promoting sustainability. We follow ethical manufacturing practices at every stage of production, ensuring that our processes are safe, fair, and responsible. With our in-house **Effluent Treatment Plant (ETP)**, we recycle over **200,000 gallons** of water daily, significantly reducing our environmental footprint. We are also actively working on installation of solar energy systems to further transition towards clean, renewable power. Looking ahead, our vision is to expand our reach globally—delivering our products and services to customers in every corner of the world, building lasting partnerships, and becoming a trusted name in the international textile industry.

MANUFACTURING STRENGTH

- **Production Capacity:** Over 1.5 million lbs/month.
- **Infrastructure:** Vertically Integrated unit with in-house sizing, weaving, fabric dyeing, Yarn dyeing, shearing, stitching, embroidery, printing.
- **Machinery:** Equipped with Toyota sulzer looms, European dyeing / drying machines, laboratory, and packaging units.
- **Workforce:** Skilled technicians, trained staff, and dedicated quality assurance team.

STATE OF THE ART FACILITY

Our 350,000 square feet vertically integrated facility allows us to oversee every stage of production, from the selection of raw materials to the final product, ensuring consistent quality and reliability.
